Business savings and support experts Place Support Partnership (PSP) have been appointed by Haringey Council to help you, Haringey's businesses to recover from the adverse impact of the pandemic.

We want to work with you to identify and realise savings when considering new contracts and choosing suppliers. We can also support you to navigate the current energy crisis and achieve best value on services like electricity, gas, water, telecoms, merchant services, insurance and pest control.

This programme is funded as part of the Good Economy Recovery Plan and High Street Recovery Action Plan (HSRAP) and is available to all established small or micro businesses in Haringey that are registered to pay Business Rates.
