**BUSINESS ADVICE & SUPPORT**  
The Haringey Industrial Estate Cost Saving Programme (HICSP) is a new service which offers free support specifically for businesses based on industrial estates across Haringey.

Business savings and support experts Place Support Partnership (PSP) have been appointed by Haringey Council to deliver the programme, which will help small business owners to survive and recover from the adverse impact of the pandemic.

The programme is funded as part of the Good Economy Recovery Plan and High Street Recovery Action Plan (HSRAP). It will support businesses to identify and realise savings when considering new contracts and

choosing suppliers. In addition, it will support businesses to navigate the current energy crisis and achieve best value on a range of services including electricity, gas, water, telecoms, insurance and merchant services.

**ELIGIBLE BUSINESSES**  
This FREE programme is available to any business based on an industrial estate in Haringey. To qualify, businesses must also pay business rates to the Council.
